前言

为推动机电行业进出口企业诚信体系建设，机电商会作为全国整顿和规范市场经济秩序领导小组办公室（现商务部信用工作办公室）和国务院国有资产监督管理委员会行业协会联系办公室首批授权开展行业信用评价工作的商协会组织，自2007年7月开始，在会员企业中分别就境外成套工程和一般机电产品进出口领域开展了企业信用等级评价工作。截至目前，已经进行8次集中评选，有近600家次会员获得A级以上信用等级，获评企业覆盖工程机械、电力、电信、铁路机车、汽车、家电、电子设备、仪器仪表等重点机电行业。

2016年开展的企业信用等级评价活动，共有34家企业参评，其中境外成套工程领域信用等级企业15家（其中AAA级企业8家，AA级企业7家）；一般机电产品进出口领域信用等级企业17家（其中AAA级企业9家，AA级企业5家，A级企业3家）；中小型一般机电产品进出口领域信用AAA级企业2家。

中国机电进出口行业企业信用等级评价方案由我会与第三方评价机构联合评定，经征求行业意见，专家论证和网上公示后最终确定。信用评价结果将直接推荐给我国近200家驻外经商参处（室）、各国驻华商务处以及100多家与我会签署合作协议的国际性商协会和贸易促进机构，且广泛应用于出口信用保险限额审批和费率优惠、国内外展览、项目协调、政府援外采购等方面的商会会员服务工作中。

为加大对获得信用等级企业的宣传力度，推动信用评价结果的应用，我会编印了《2016年度机电行业信用评价A级以上企业名录》，向国内外推荐信用良好企业，为信用企业创造更多的市场机遇。

感谢对中国机电进出口行业信用评价工作的关注和支持！

Preface

In order to push forward credit system construction for import and export enterprises of mechanical and electronic industry, China Chamber of Commerce for Import and Export of Machinery and Electronic Products (CCCME) as a leading Group Office for rectifying and regulating national market economic order (currently known as Credit Affairs Office, Ministry of Commerce), together with Trade Association Office, State-owned Assets Supervision and Administration Commission of the State Council, one of the first group of trade associations that are authorized to conduct industrial credit evaluation, has carried out credit grade evaluations for member enterprises involving in overseas Turn-key projects and general imports and exports of mechanical and electrical products since July 2007. Up to now, after concentrated appraisal and selection for seven times, nearly 600 member enterprises engaged in engineering machinery, electric power, telecommunications, railway locomotives, automobiles, home appliances, electronic equipment, instruments and other key sectors in mechanical and electrical industry have been granted A Grade Credit or above.

In 2016 a total of 34 enterprises participate in credit rating, 15 of which are granted as credit grade enterprises involving in overseas Turn-key projects (including 8 with AAA Grade, 7 with AA Grade); 17 as credit grade enterprises involving in general imports and exports of mechanical and electrical products (including 9 with AAA Grade, 5 with AA Grade, and 3 with A Grade); 2 as credit grade enterprises involving in small and medium-scale imports and exports of mechanical and electrical products (2 with AAA Grade).

The Scheme for Credit Rating is reviewed by CCCME and third-party evaluation organizations, soliciting opinions from the industry, and finalized by expert argumentation and online publicity. The evaluation results will be directly provided to approximately 200 Economic and Commercial Counselor's Office in China, foreign Commercial Counselor's Office in China, and more than 100 international commercial associations and trade promotion organizations signed cooperation agreements with CCCME, and will be widely used in CCCME member services such as the approval of export credit insurance limit and benefits of preferential rates, domestic and international exhibitions, project coordination, governmental aid, and governmental procurement.

To enhance the popularity of those enterprises with good credit grade and promote the utilization of credit evaluation results, CCCME prepares and prints the List of Enterprises with A Grade Credit or Above in Mechanical and Electrical Industry in 2015 to recommend good-faith enterprises to peers at home and abroad, creating them more market opportunities.

Your attention and support to credit rating in China's mechanical and electrical import and export industry are sincerely appreciated.
