前言

为加强机电产品进出口企业诚信体系建设，我会自2007年7月开始在机电产品进出口行业分别就一般机电产品进出口企业和大型单机成套设备出口企业开展了信用评价工作。截至目前，已进行6次集中评选，超过500家会员获得A级以上信用等级企业，涵盖工程机械、电力、电信、铁路机车、汽车、家电、电子设备、仪器仪表等机电领域重点行业。其中2014年共评出一般机电产品领域信用等级企业47家（3A级企业31家，2A级企业12家；A级企业4家），成套工程领域信用等级企业75家（3A级企业64家，2A级企业11家）。

中国机电进出口行业企业信用等级评价方案是由我会与第三方评价机构联合拟定，经征求企业意见，专家论证和网上公示后最终确定。信用评价结果将直接推荐给我近两百家驻外经商参处（室）、各国驻华商务处、100余家与我会签署合作协议的国外商协会和贸易促进机构，且广泛应用于出口信用保险限额审批和费率优惠、国内外展览、项目协调、政府援外和采购等方面的商会会员服务工作。

为加大对获得信用评价等级企业的宣传力度，推动信用评价结果的应用，我会编印了《机电行业信用评价A级以上企业名录》，向国内外推荐信用良好企业，为信用企业创造更多的市场机遇。

感谢对中国机电进出口行业信用评价工作的关注和支持！

Preface

To strengthen the credit system construction of import & export enterprises of machinery and electronic products, since July 2007, CCCME has carried out credit rating in import & export enterprises of general machinery and electronic products and export enterprises for large-sized complete sets of equipment respectively. Up to now, six concentrative appraisals have been successively implemented, and more than 500 member enterprises have been ranked as A+ credit rating. Those participating enterprises have covered key industrial fields such as engineering machinery, electric power, telecommunications, locomotives, automobiles, household appliances, electronic equipment and instruments and meters. In 2014, 47 enterprises of general machinery and electronic products (namely, 31 AAA enterprises, 12 AA enterprises and 4 A enterprises) and 75 enterprises of complete sets of equipment (namely 64 AAA enterprises and 11 AA enterprises) have been ranked as credible.

The credit ratings scheme for import & export enterprises of machinery and electronic products is jointly formulated by CCCME and the third-party evaluation institutions, undergoing the processes of soliciting comments from enterprises, expert argumentation and online publicity. Credit rating results will be directly recommended to over 200 Chinese embassies and consulates (economic and commercial counsellor's offices), commercial counsellor's offices of embassies in China, more than 100 foreign chambers of commerce and industry and trade promotion agencies which have signed cooperative agreements with CCCME; and it will also be widely applied in member services including export credit insurance limit approvals and preferential rates, domestic and international exhibitions, project coordination, foreign aid and government procurement.

In order to intensify the promotion of credit rating enterprises and promote the application of credit rating results, CCCME has compiled Business Directory in Machinery and Electronic Industry with A+ Credit Rating, with a view to recommend enterprises with good credit both at home and abroad, and create more market opportunities for credible enterprises.

Thanks for your concerns and support for credit rating work in machinery and electronic import & export industry in China.
